Bed Blankets and Comforters

SUMMER is past, and the nights when a newspaper was sufficient for covering is only a memory. Cool nights are with us, and they'll be colder, so get busy and prepare for them by getting some of those large, all wool Blankets, warranted not to shrink. Our line of Comforters and Blankets is the largest and most complete in the city. Our Comforters are all filled with pure white cotton [no shoddy], and will not lump.

All our Comforters are large size, same as mother used to make. See them and be convinced that they are better and cheaper than home made.

CITY AND VICINITY.

Charles J. Parreant of South Bend played a violin solo at the morning service at Hope church.

Cornelius Dalman has bought of C. Hoffman a residence on West Third street. Consideration, \$1,200.

Casper Belt of this city drove his trotter, Sadie Brooks, to victory at the Greenville fair last Friday in a field of seven starters.

Officer Koeman arrested Cornelius Kraag on a drunk and disorderly charge last Friday night and Justice Van Duren assessed Kraag fine and costs to the amount of \$10.

Those who made high scores at the regular meeting of the Holland Gun club Thursday were Henry Van Eyck, F. E. Dulyea and Mr. Lavine. No meeting will be held this week on account of the fair.

Messrs. Traut and Moor have bought the Nelson and Lewin place in Laketown township, which the latter parties recently bought from E. P. Simpson. The new owners will occupy the property as their summer home and take possession at once.

The Rev. and Mrs. Van der Meulen left last night for a week's stay in Chicago. They will visit with the latter's brother, the Rev. B. T. Brinkman of Englewood. The pulpit of the Second Reformed church will be occupied next Sunday by Mr. J. G. Brouwer of the seminary at Holland. This young man will be remembered as having given such good satisfaction when he was here before.—G. H. Tribune.

After October 15th, Grand Haven will have a strictly European plan hotel. Proprietor E. T. Pennoyer will change the Cutler House from the American plan on that date and the large dining room of the hotel will be closed. A cafe on the second floor will accommodate those who take their meals in the house and the rooms and lodging will be operated independently. Otherwise there will be no change in the house.

The big Democratic jubilee which was scheduled to be pulled off at Muskegon last Friday night completely fizzled out. The blowout was to have been in the form of a smoker at St. Mary's school hall, but when the local committee went there just before time for opening the attendance was so small that word was sent to the hotel to the speakers not to come up. The rain and the lack of advertising kept the crowd down and it was deemed best not to attempt to hold a meeting and this was apparently satisfactory to Mr. Kimmerle.

The death of Derk Van der Meulen occurred last Friday afternoon at the home of his son, Peter Van der Meulen, 227 Pine street, at the age of 72 years. Mr. Van der Meulen was born in the Netherlands and came to this country 40 years ago. He lived on a farm at Groningen until 15 years ago when he moved to Zeeland. A week ago he came here to visit his son. The surviving children are John and Peter and Mrs. Albert Van Raalte of this city, Mrs. Benjamin Maseer of Grand Rapids, and Mrs. Edward Doorn of Blenden. The funeral was held Tuesday from his late home in Zeeland and from the First Christian Reformed church of Zeeland.

The coroners jury in the John Ybema inquest returned a verdict Friday that he came to his death by a gun shot wound apparently inflicted by his own hand. There were several facts adduced that pointed to murder rather than suicide but on the whole the suicide theory seemed the most reasonable. Among the witnesses examined were Mr. and Mrs. Benjamin Gelders, Dr. Lanting, Henry Schelstra, Gerrit J. Buter, Hans Fisher, Steven Buter and Gerrit Ten Have. Hans Fisher was at the Gelders home the night preceding the tragedy, and he stated that the Gelders remarked then that something would have to be done with Bbema, intimating that they were in fear of him. Bert Kamps John Poest, L. Meuwisen, James Cook, Henry Veneklassen, Bert Veneklassen, were on the jury.

G. Ver Burg has bought of Henry Winter a lot on East Twenty-second street.

Theological Student J. B. Steketee preached in the First Reformed church of Zeeland last Sunday.

Contractor Frank Dyke has taken the contract for the construction of the addition to the new plant of the Holland Veneering Co. on West Sixteenth street.

Richard H. Post has sold to David Jeffries a house and lot at 325 West Fourteenth street. Consideration, \$1,275. He has sold a house and lot on East Nineteenth street to Frank Newhouse for \$1,650.

Supervisor G. J. Van Duren says that Holland will pay less instead of more state tax than last year. He gives out that Holland's share of Ottawa county's apportionment of \$46,831 is \$10,846.12, or \$1,305 less than the city was obliged to pay last year.

The following Ottawa county men have been elected by Gov. Warner as delegates to the Farmer's National Congress to be held at Rock Island, Ill., October 9: John M. Park, Coopersville; John Cooney, Dennison; Robert Alward, Hudsonville and Chester Richards, Polkton.

Benton Harbor News Palladium: Leo Johnson and Phil Meyers, the two youths who left Benton Harbor Tuesday afternoon in company with Mary Lundy and Hazel Davis, went broke at Holland where they were located by Deputy Sheriff Detamplé. The Davis girl left her companions at Holland and went to Grand Rapids where she has a sister. Mr. Lundy returned with his daughter. The boys were seen at Holland penniless and fondly wishing they were home.

John Regnerus, 15 years old, died last Thursday afternoon at the home of his father, Abel Regnerus, who lives in Holland township, on the Zeeland road, death resulting from kidney trouble. The father, a sister and two brothers survive, Gertie, Corneil and Douwe Regnerus. Mr. Regnerus suffered the loss of his wife 11 years ago, and last June another son, Andrew, died of consumption. The funeral of the dead boy was held Saturday from the home, Rev. R. L. Haan officiating.

Circuit court convened in Grand Haven yesterday for the purpose of issuing naturalization papers and transacting other minor business. There were a number of applicants for naturalization papers, who wished to get in before the new law goes into effect on September 27. All aliens who made their declaration of intention are now required to read and write the English language. After September these qualifications will be required. Deputy Clerk McEachron was kept busy making out and filing applications for men who desire to declare their intention of becoming citizens of the United States. In the future no one will be given naturalization papers except under the new law.

Deputy Sheriff C. Andre last Friday arrested Ernest Rose, upon the charge of stealing a black mare from Luman Slanken of Georgetown on Wednesday night of last week. The lad who is twenty-two years of age, was brought to Grand Haven and appeared in Justice Hoyt's court. He waived examination and was bound over to circuit court in the sum of \$1,000, which he has not as yet furnished. Rose has been working with the U. S. engineer outfit on Grand River near Grandville all season and it was at the outfit that the arrest was made yesterday. The officer received information that Adams & Hart of Grand Rapids held a note for \$80 against Rose and he went to the concern to make sure. He was informed, however, that the note had just been paid and the meshes of circumstances were aiding the officer. Rose, it is alleged drove to the Slanken place at night, took the black mare out of the barn and sold it to King Brothers in Grand Rapids the next morning for \$100. The first thing he did after he had the money was to go to Adams & Hart and pay a note for \$80, which they held against him. This paying of an honest debt proved his down fall for it was from this that he was traced.

The large brick addition to the bakery of M. Hirdes on State street is completed and operations were resumed this week. Since Mr. Hirdes introduced his "Original Bismarck Zweibach" brand of rusk on the market a short time ago, his business has increased to such an extent as to warrant an additional investment of \$3,000 in enlarging the plant. The factory now has a capacity of 3000 rusks daily and when running full capacity will require seven hands. While the ovens were being rearranged the entire plant has been idle and as a result Mr. Hirdes has enough orders on hand to keep the factory operating extra time for a while. The Zeeland Rusk Bakery is one of the largest and most up-to-date of its kind in the State.—Zeeland Record.

Saugatuck.

Peter Crock came very near losing his life while working on the logs for Weed & Co. in Allegan. He was picking out some logs to use as floats when on loosening one that he wanted a large number of others were set in motion and came rolling down on top of him before he could get out of the way. He was completely buried and was thought to be dead by those who saw the accident but after he was gotten out it was found that no bones were broken although an ankle and an arm were badly hurt.

Work Weakens The Kidneys.

Doan's Kidney Pills Have Done Great Service for People Who Work in Holland.

Most Holland People work every day in some strained unnatural position—bending constantly over a desk, riding on jolting wagons or cars, doing laborious house work, lifting, reaching or pulling or trying the back in a hundred and one other ways. All these strains tend to wear, weaken and injure the kidneys until they fall behind in their work of filtering the poisons from the blood. Doan's Kidney Pills cure sick kidneys, put new strength in bad backs. Holland cures prove it.

F. Brieve, of West First street, employed at Moore's Soap Factory, says: "I suffered from kidney trouble for ten or twelve years and until I got Doan's Kidney Pills at J. O. Doesburg's drug store I never found a remedy which gave me any effectual relief. I had constant aching pain in my loins and soreness over the kidneys. The kidney secretions became irregular, and I suffered from headaches and attacks of dizziness. I took Doan's Kidney Pills but a few days when I felt they were doing me good and I continued their use until the trouble left me entirely."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name Doan's and take no other.

GOT COAL LANDS ILLEGALLY

Union Pacific Coal Company Aided by Work of Employees.

Salt Lake City, Sept. 25.—Much evidence tending to show that the Union Pacific Coal company had secured coal lands illegally was produced at the hearing conducted by Charles A. Prouty, of the Interstate commerce commission Monday, but the effort to bring out cases of discrimination in rates and distribution of cars was not successful.

Vice President W. H. Bancroft, of the Oregon Short Line, was interrogated concerning an alleged secret rate of four mills per ton mile said to have been made to the Anaconda Copper company from Diamondville, Wyo. Mr. Bancroft denied all knowledge of such a rate.

The government brought out testimony that the coal company has obtained much government land in Wyoming through its employees. Several witnesses confessed that they took up quarters which they never saw, improved or paid for.

SUPERIORITY OF THE MULE.

Lowly Animal Has Much More in It Than the Horse.

The mule is less nervous than the horse and therefore loses less energy in useless fretting. In fact, one of the chief characteristics of the mule is his ability to take care of himself under all circumstances, says Farming. Much of the apparent shirking which is charged against the mule is an in-born tendency to husband his strength and make every effort count. The result of this instinctive care on the part of the mule is that he is able to turn out more work than would be possible for a horse of the same weight under the same conditions.

The mule instinctively avoids holes, sharp obstacles, barbed wire fences and various other forms of danger which are not so successfully avoided by horses. It is a matter of common observation that in instances where mules run away they seldom injure themselves to any serious extent. In mining, mules are quite superior to horses for the reason that they seem to understand the requirements and dangers of the work more clearly than horses.

MEANS MONEY FOR SOMEBODY.

Mrs. Blinly's One Objection to Link Sleeve Buttons and the Moral.

"Mrs. Blinly tells me," said Mr. Blinly, "that she wishes they'd wear the old style of sleeve buttons, not links."

"The old style buttons, going through the button holes in such a manner as to make the ends of the cuff lap, made the cuff round when worn and so made it present a uniform wearing surface; whereas link buttons, tending as they do to flatten the cuff, tend to break the cuff at the bend in the back, made sharper as it is by the flattening of the cuff, while sticking out there as it does and so brought in chafing contrast with the inner side of the coat sleeve the cuff wears, out sooner than a uniformly rounded cuff would do."

"That's what troubles Mrs. Blinly. She doesn't object to the link button as such, but because it makes it cost us more for shirts. I tell her not to worry; we can't expect to have everything come our way. The link button may be bad for us, but anyway it's good for the jeweler and the shirt-maker."

HAD THE YOUNGSTER SCARED.

Boy May Have Doubted, But He Took No Chances.

Shrill whistling by a boy on a lake-bound car was stopped last night by a remark addressed to the conductor after other means to check the "warbler" failed. The boy's whistling greatly annoyed all the passengers. The conductor said to a passenger in so low a tone that the whistler could not hear him: "Isn't it a pity that there is no rule to stop a nuisance of that kind?"

"Watch me fix him," said the passenger, and then he remarked aloud: "I'd have just as big a mustache as yours if it hadn't been for the fact that I was continually whistling when I was a boy. But I didn't know at the time that whistling prevented hair growing on the upper lip."

That boy was about 17 years old and he had just a suspicion of fuzz on his upper lip. He stopped whistling.—Worcester Post.

Darkest Pittsburgh.

In three small adjoining towns not far from Pittsburgh visitors have often noticed remarkable irregularity in the numbers of the houses. On one dwelling would be seen No. 12, on the next No. 210, on the next No. 417, on the next No. 110, and so on. The cause of this confusion was brought to light the other day when a woman from one of the little towns made a purchase in a city store and requested that the goods be delivered at her home, naming the street in which she resided.

"What is the number of your home?" asked the clerk who had made the sale.

"We have no number just now," said the purchaser. "We moved on April 1 and forgot to bring our number with us."—Pittsburgh Chronicle-Telegraph.

For Bald Pates Only.

A baldheaded physician, as he brushed a few flies from the white and polished dome of his skull, said:

"I used to be dreadfully subject to colds even in the summer. I had to wear a black skull-cap all the time. The minute I took it off I began to sneeze and wheeze."

"But now for a year I have not worn a skull-cap, and I have not once had a cold. Why, I could go and stand bareheaded in a snowstorm without any ill effect."

"My immunity to colds comes from this: Every morning I put my head under the cold water spigot, and let the cold water run for a minute on my bald crown. This is a refreshing thing, and since I began to do it I have never had a cold."

Beasts Live Out Their Days.

One of the Smithsonian scientists calls attention to the fact that the duration of the lives of the lower animals differs from that of men's lives in being far more uniform.

While human beings die at all ages between infancy and senility, among the lower animals, on the contrary, all individuals of the same species live to very nearly the same age, unless killed by violence.

MARINES TO GUARD RAILROAD SHOPS

TAFT ORDERS THIRTY MEN SENT TO PREVENT DAMAGE TO BRITISH CONCERN.

TAFT AND CAPOTE HOLD CONFERENCE

Draft of Proposed Peace Terms Is Submitted to President Palma—Government Officials Declare New Elections Would Not Help Matters

Havana, Sept. 25.—Secretary Taft has ordered the commander of the United States gunboat Marietta to dispatch 30 men to Sagua La Grande, province of Santa Clara, to guard the shops of the Cuban Central railroad, a British concern, which contain \$1,000,000 worth of supplies. The manager of the road declares that it already has been damaged to the extent of \$400,000. Upon his informing the British charge d'affaires of this fact the latter assured him that the United States would do all in its power to protect the road.

TAFT CONFERS WITH CAPOTE.

On reaching the American legation Tuesday Secretary Taft and Assistant Secretary of State Bacon immediately received Vice President Mendez Capote, who remained in conference with the American peace commissioners for half an hour. No statement was given out regarding the nature of the conference.

After leaving the palace Monday night the American commissioners returned to the legation and worked until three o'clock Tuesday morning, preparing the draft of a letter to President Palma, setting forth the details of the proposed peace terms. This was delivered at the palace Tuesday morning by Mr. Taft's secretary.

Statement by Gen. Andrade.

Gen. Freyre Andrade, speaker of the lower house, Tuesday made the following statement on behalf of the government officials:

"If the Americans wish to take our government and give it to the rebels, they may do so, but not with our consent. We shall never consent to the holding of new elections. It would not only be a great injustice, but if the rebels won, Cuba would have the worst elements in control, and if the government won, we would have another revolution on our hands."

Continuing, the general said that Vice President Mendez Capote had gone to confer with Secretary Taft, and to inform the latter that the Cuban government positively rejected the Liberals' proposition laid before President Palma by Mr. Taft and Assistant Secretary of State Bacon Monday night. The general further asserted that the decision of the government officials was irrevocable. President Palma would resign, Andrade said, if the step was suggested by the American officials, but he would never be a party to holding new elections. Furthermore, no members of the Moderate party would go to the polls if a new election is held in January, as contemplated.

Try to Blow Up Barracks.

Helsingfors, Finland, Sept. 25.—An unsuccessful attempt was made at one a. m. Tuesday to blow up the police reserve barracks here. One reserve man was slightly injured and the windows of the barracks and of the adjacent guards' barracks and other buildings were shattered. There is no clew to the perpetrators of the outrage.

Forty Horses Burned.

New York, Sept. 25.—Forty horses perished early Tuesday in a fire which destroyed a dozen small buildings on Water street, near Gouverneur slip. The fire was directly opposite Gouverneur hospital and though it caused excitement among the 200 patients, there was no panic.

GOV. DENEEN TO BANKERS

GOVERNMENT OWNERSHIP OF PUBLIC UTILITIES OPPOSED.

Urges Framing of Laws to Make Disastrous Failures of Financial Institutions Impossible.

Springfield, Ill., Sept. 25.—Gov. Deneen made a strong speech in opposition to government ownership of public utilities in addressing the Bankers' Association of Illinois at their annual convention Tuesday.

The governor said the action of large employers of labor to secure the enactment of laws for the protection of those who labor against unnecessary risks of life and limb and health, and of railroads to relieve the situation even when there was unjust discrimination, has resulted in immeasurable injustice to many industries. He said he firmly believed that if employers fail to make wise suggestions in reference to legislation applicable to their business and necessary to the common good, they will shortly find their business regulated by laws placed upon the statute books by men not familiar with their requirements. The question of regulation or no regulation is rapidly passing into the dangerously radical issue of government regulation or government ownership.

While he deemed it hardly creditable that there is any immediate danger of the triumph of the doctrine of government ownership, yet the tendency is rapidly growing. Its proper antidote, he declared, was to be found in the greater participation of the conservative elements of society in economic discussion, and in the political life and action of the community. He urged the bankers of Illinois to aid in the framing of such laws for the supervision of banking institutions to avert such disastrous failures as had been lately witnessed, and make them well-nigh impossible.

Mayor Devereux delivered the address of welcome, and the response was made by J. S. Althorpe, of Cairo. A strong plea against government ownership of public utilities, which, he declared, would tend to socialize the country, kill individualism and put a stop to the progress of the country, was made by Lieut. Gov. Sherman. He warned capitalist and corporation that the sure way to bring on government ownership was for them to endeavor to block the passage of laws for the just and unreasonable regulation of corporations. He warned Chicago corporations against endeavoring to secure amendment of laws of state so that they could secure the right to hold real estate not to exceed \$5,000,000 in value, and declared that if such a law were passed some more legislation would some day remove all restrictions, and the indignant public would secure government ownership.

Leiter's Mine Burning.

Duquoin, Ill., Sept. 25.—Efforts to extinguish the fire in the big Zeigler colliery of Joseph Leiter have failed and all operations have been suspended. Large heaps of slack within the mine have become ignited, presumably by spontaneous combustion. Volumes of smoke are issuing from the mouth of the mine. The large fan at the mine is being used to force out the smoke and gases. It will be several days before the flames are under control. It may be necessary to flood the mine to quench the fire.

Robbers Wreck a Bank.

Brady, Neb., Sept. 25.—The Bank of Brady was wrecked by robbers Tuesday morning. Four charges of dynamite were used and the ruin is complete. The amount of money taken is not known. A big force of men and dogs is in pursuit of the robbers.

Fire in Michigan Town.

Kalkaska, Mich., Sept. 25.—The Lumberman's Tool company plant, the Wellman handle factory and the Wellman electric light plant burned at South Boardman Monday night. The loss is about \$50,000, with a small insurance.

MAKE CONCESSIONS TO REVOLUTIONISTS

CUBAN REBELS SATISFIED WITH ARRANGEMENTS FOR PEACE ON THE ISLAND.

Terms Said to Include Agreement to Call New Elections for Half the Representatives and Senators and Reorganization of Cabinet.

Havana, Sept. 25.—Victory for the liberals or revolutionary party seemed certain Monday night at the conclusion of a long conference between a committee of the insurgents, of eight members, and the American peace commissioners.

The insurgent committee announced there was practically no difference remaining between its members and Secretaries Taft and Bacon, and that they would receive a draft of the peace plans Tuesday. These probably would be agreed to at a meeting to be held in the Presidio, where the prisoner members of the committee are confined.

Secretary Taft said he could give no details of what transpired at the conference for the reason that it was now necessary to treat with the government leaders and that the publication of the peace proposals might interfere with their prompt acceptance.

May Mean New Elections.

Messrs. Taft and Bacon went to the palace Monday night and informed President Palma of the outcome of the negotiations with the liberals. The absence of a definite statement from the commissioners makes it impossible to say whether the plans carry the resignations of the present administration and the congressmen elected last year or not. There is a strong impression that President Palma will remain and reorganize the cabinet, but that new elections will be held for half the senators and representatives; in other words, those who were elected last year, and possibly also for provincial officers.

In discussing the situation Secretary Taft said he would go over with Alfredo Zayas, the leader of the liberals, the variations that the liberal leaders desire in the memorandum of the peace programme. "If we reach a conclusion," Secretary Taft said, "we hope to announce it Tuesday night."

Mr. Taft is Pleased.

Mr. Taft evinced great pleasure at the progress made thus far, and it is evident that he regards the remainder of the negotiations as a matter of working out the details of the peace agreement. This bears out the insistent rumor in circulation here that the government abandoned much of its opposition to receiving the liberal leaders, and it was apparent that the peace commissioners felt that, while there was no reason for rebellion in Cuba, there was real foundation for liberal complaint against the election methods of the administration party.

The conference began at half-past five and continued until eight o'clock Monday evening. Practically all this time was occupied by Secretary Taft's review of the situation. It was evident that he realized from the outset that peace could be established by recognizing, in the main, the contentions of the liberals. He discussed also with the insurgent committee the possible effect of the announcement of the peace conditions, and warned them that the continued independence of Cuba depended upon their calmness, wisdom and discretion during the process of settlement.

Prisoners at a Banquet.

The prison members of the committee returned to the Presidio Monday night, but not until they had enjoyed a dinner in the Casino cafe with the other members of the committee and friends. The greatest good humor prevailed at this dinner, which was in marked contrast with the grave and rather apprehensive faces with which the members of the committee approached the conference.

All Senor Zayas would say was that matters were progressing excellently. Some points had not been agreed upon, but he was hopeful of a settlement.

Senor Zayas telegraphed to all the important commanders in the field that there were prospects that peace terms would be signed, and that the terms would be satisfactory to them.

The immediate cessation of hostilities means everything. This winter's tobacco crop and the seed beds must be planted within a fortnight in order to insure a crop, but there is still sufficient time for this if the negotiations end as anticipated. Should the insurgent continue few planters would attempt to plant crops.

Abdul Hamid May Have Cancer.

Paris, Sept. 25.—The Temps says it learns from an absolutely unquestionable source that the latest consultations of medical advisers of the sultan of Turkey established the fact that Abdul Hamid was suffering from cancer of the kidney. This malady, the paper says, does not permit of an operation being performed and usual is fatal within a year.

Terrorists Wound a Prefect.

Tambov, Russia, Sept. 25.—Prefect of Police Tomushan, of Borissoglebsk, the home of Mlle. Maria Spiridonova, who shot and killed the chief of the secret police, Luzhenofsky, was fired at and seriously wounded in a street here Monday by terrorists, who also shot the prefect's wife and two guards, who were accompanying them. The would-be assassins escaped.

Government Ownership.

If Michigan people are so inclined, it may be possible to act promptly on Mr. Bryan's railroad ownership suggestion. The Pere Marquette railroad lost less than a million dollars last year, and fully that amount was paid into the state treasury by that road. If the state would buy the Pere Marquette, the money now required to pay state taxes could be used in meeting interest requirements. This procedure would please the bond holders of the railroad, and only the primary school fund would be the loser, with probable deficits of a few hundred thousand annually to provide for through further loans or by direct taxation. The information gained through such an experiment might not be worth all it would cost, but something would be gained by having it on and over with as soon as possible.

Great Fair Is On.

The fair is on. It is truly Holland's greatest. Every department is crowded to overflowing with the best that can be produced from farm or garden, home or workshop, school or factory. The entries have passed the 1800 mark and are better and more diversified than ever before. To get an adequate conception of the big show you must attend. Suffice to say it is the peer in every particular of any event of a like nature ever taking place in Holland.

THE FREE ACTS

The free acts performed in front of the grand stand during the races are of a high grade and catch the crowd every time.

SEE THE SHOWS

The Shows furnish no end of amusement. On the main thoroughfare leading to the grandstand is a Vaudeville show that has several song and dance artists whose work is difficult to duplicate. They will certainly do a banner business tomorrow and Friday. Riley Wagner's dog and pony show surpasses many of the shows that tour the country making a charge of 25 cents for admission. But the charge at the fair is only 10 and 15 cents and the show has caught the fancy of all who have seen it. King Korlo is a wizard of the marvelous. He is certainly the ruler of the west half of midway. His working of the act in which the beautiful Agoo disappears is immense. Then don't forget the snake show.

Some of the Exhibits at the Fair.

HARDWARE

The three hardware exhibits are fine. E. B. Standart has a novel arrangement. In a nicely trimmed and decorated recess he has shelves showing some of the staple hardware goods. It is unique and resembles a display window of a hardware store. De Pree Bros. are there with a display of stoves that serves well for their introduction to the Holland public. John Vander Veen's display is a good one and is neatly arranged. You can't get by it as it is the first to greet you as you enter the art hall.

HENRY VANDER PLOEG

The book store man has certainly lived up to his record for enterprise for his arrangement of his booth is stunning. Call and see Henry.

MUSIC STORES DISPLAY

There are two miniature music stores, one on the north end of the art hall, the other on the south. As you enter the building on the northeast side you are greeted by A. H. Meyer's representative, and as you pass out on the southwest side, Cook Bros. give you greeting. Pandemonium seems to reign, as the offerings from phonographs and pianos, are simply bewildering. These displays are very good as usual and are greatly appreciated by all.

SUNLIGHT MILLING CO.

Manager Allen has a fine display in the center of the Art Hall. It is a good adv. for the product of the mill. ART, NEEDLEWORK AND FANCY WORK EXHIBIT.

The ladies of Holland and vicinity seem to have outdone themselves this year as the display of all that is beautiful and useful from the hand of womankind is exceptionally good. Some of the largest exhibitors in the art hall are Mrs. S. A. Guard of Allegan, Miss Rose Clark, Mrs. James Price, Mrs. L. Bradford, Mrs. Robert Slowinski, Mrs. Charles Dutton, Mrs. J. C. Holcomb, Mrs. Eccles and Henry De Kruijff. Those in charge of the art hall departments are Miss Abigail Poole, Miss Mamie Lokker, Mrs. Robert Slowinski and Jas. L. Conkey.

FLORAL HALL

Floral Hall leads them all. The display there and the manner of arrangement under the care of Mrs. Dr. J. W. Vanden Berg and George Farnsworth have not been duplicated by any fair in the state of Michigan. This exhibit is worth going miles to

see. The leading contributors to this display are Mrs. J. C. Post, Charles S. Dutton, John A. Kooyers, Jones & Ebelink and J. J. Van Dyke.

HOUSEHOLD DEPARTMENT

In the household department Mrs. Ben Van Raalte, sr., and Mrs. G. J. Deur are supreme and the leading exhibitors are Mrs. J. C. Post, Mrs. A. Blomers, Mrs. J. Van Eyck, Mrs. Van Dort, Mrs. Benjamin Van Putten, Mrs. James Price.

POMOLOGICAL DEPARTMENT

Pears, peaches, apples, grapes and plums in endless profusion are found in Pomological hall. Those who are showing collections of rare fruits, etc., are Daniel Bertsch, G. J. Deur and G. A. Poole. There are a great many other contributors to this department and the display is very good. G. J. Deur and G. Van Hees are the superintendents.

MISCELLANEOUS DEPARTMENT

Jas. L. Conkey has troubles of his own in the miscellaneous department. It keeps him busy straightening tangles as the more exhibits the more tangles and there are a lot of exhibits. But Jim is equal to the emergency and everybody is satisfied.

CATTLE

The weak point of the Holland Fair has been the cattle department; but this year under the care of H. Van Kampen and Henry Siersma, it has picked up greatly and the entries are more than usual.

HORSES

But it is in the display of horses that the Holland Fair shines. J. H. Boone and Folker De Vries, the superintendents, have all they can attend to to furnish accommodations. Harm Bouws needs six stalls to care for his entries, J. J. Poppen and Peter Kok need ten stalls, Fred Ten Cate needs a good supply as does G. J. Bolks, C. Bazan and John Schippers. Then there are others.

SHEEP AND SWINE

John Meeuwse and B. J. Albers, superintendents in the sheep and swine department, have one of the most difficult jobs on the grounds as the sheep and swine are not easy to handle and their owners are not easy to please, but they are getting along well and the entries are of good grade.

POULTRY

The poultry fanciers are well represented as L. S. Sprietsma and J. B. Hadden have kept up the interest in this department and the coops are filled. Don't forget to see the poultry show.

AGRICULTURAL

There is scarcely room to accommodate the agricultural display. Klaas Koster, A. Westerhof and J. J. Van Dyke have fine collections entered.

K. Koster and J. J. Van Dyke are superintendents of this department.

FARM IMPLEMENTS

The farm implement display overtaxes the capacity of the implement sheds and the problem that Henry Groenewold and James Kole have to solve is "what shall we do with them." Ben Van Raalte helped out somewhat by putting his big exhibit over near the water works headquarters. There are implements in carload lots.

Carriers Selected for Routes Nos. 11 and 12.

Postmaster G. Van Schelven has been notified of the following appointments for the new rural free delivery routes established here:

Route No. 11—John Brinkman, carrier; Wm. Plasman, substitute. Route No. 12—(Relay) Richard Schouten, carrier; John Houting, substitute.

These two routes and other changes in existing routes will become operative October 16.

Rural Free Delivery Carriers, Al. Kleis, Benj. F. Wolters and Dick Overweg are taking a vacation and Substitutes Jerry Slotman, Henry Dekker and Wm. Gleason, respectively, are carrying their routes.

Common Council.

The street committee had a long conference with Contractor Prange Monday and will make a report on the same at a meeting to-night. The committee went over the street carefully with Mr. Prange and pointed out the numerous defects, for some of which the contractor declares he is not responsible.

The sinking of the gutter along the Slagh-Zuidewind block Mr. Prange insists is out to excavations made for area walls constructed after the pavement was laid, and the numerous low places in the street the contractor admits is due to a poor quality of cement.

"But I am not responsible for the quality of the cement," said the contractor. "I used the kind specified in the contract and if it was poor it is not my fault. I want to say further that the general construction of the street, if it is wrong, is not blamable to me. I did the work under the direction of the inspector employed by the city and you cannot hold me or my bondsmen for faulty

construction."

This contention of the contractor opened the eyes of some of the aldermen and doubt is expressed as to whether the city can compel Mr. Prange to remedy the defects in the paving. Where the city evidently made its mistake was in hiring an inspector to direct the paving work.

Mr. Prange, however, is disposed to be fair, but he will not rebuild the pavement at an expense of \$4,000 or \$5,000, as the city expected to compel him to do.

He claims that he followed the instructions of the inspector when the same were not in accordance with his judgment as to the manner in which the work should be done to insure good results. It is doubtful whether any extensive repairs to the street are made this fall.

More Proposed Changes in City Charter.

Considerable progress is being made by the committee having in charge the revision of the city charter. At the last meeting the idea of putting in the charter a recall clause in connection with council measures such as ordinances and franchise grants was discussed.

The recall clause gives the people a chance to sidetrack ordinances passed by the council. It provides that upon petition of 12 per cent of the electors at the preceding election the people shall be given an opportunity to express their sentiments on the ordinance either at a special or regular election, providing such petition is filed within the thirty days allowed before the ordinance takes effect. This proposition was endorsed by the entire committee. In speaking of the recall clause, Committeeman Stephan said: "It will place a curb on the council and give the people a chance to head off any attempt by that body to surrender without compensation valuable grants to individuals or corporations."

Other charter changes suggested in the committee's conference are:

To require the street railway company to sprinkle between its rails.

To fix the pay of members of registration and election boards. There is no provision in this regard, and there is always a wrangle in the council meetings over the pay for such services. Members of election boards are allowed all the way from \$5 to \$9 per day.

To establish a new saloon district, confining the territory to River between Sixth and Eighth streets, and Eighth street between River and Columbia avenue. The present district extends as far south on River as Tenth street and as far east on Eighth as Land street.

The question of increasing the salaries of aldermen to \$100 per year was considered by the committee, but it was finally decided to make no change, allowing the salary to remain at \$50.

Capt. Jensen Improves College Crew.

The Chicago Daily News published recently the following article relative to the Evanston station and to Capt. Peter Jensen, who was formerly captain of the U. S. Life Saving station here:

"The Evanston life saving station, famous among the establishments of its kind on the great lake for its student crew and long record of rescues, will in a few days be put on an entirely new footing of efficiency through the completion of a fine boat house. The structure will be equipped with the most modern arrangements for getting the life boats into the water. It now takes the crew from two to four minutes to launch the boats, but with the new arrangement the manned boats can be in the water in from twenty to thirty seconds."

"Not only will the archaic methods of handling the boats be dropped but Capt. Jensen expects greatly to improve the value of the crew itself through the advantages he will have in additional room for quarters and a study chamber in the old station."

"Heretofore the student members of the crew often have been prominent Northwestern university athletes who spent far more time on Sheppard field than they did at the boat house. Some of the men did not room at the station and the study room was in another building across the Sheridan road from the station which is located at the southeastern corner of the university campus. When a call came the men were frequently scattered and the captain was forced to set out short handed."

"But now, if the captain's recommendation is carried out by the government, the men will be life savers first and students and athletes secondarily. It is his idea to have the old boat room fitted up as a study where the men can prepare all of their lessons and do all their reading. The only excuse they will then have for being away from the station will be class attendance and he will know just where to send calls in case of an alarm."

Macatawa Park Association Rules.

The Macatawa Association will encourage the sale of farm produce and food supplies, and has prescribed rules controlling such sale. Peddlars, vendors of fruits, etc., will not be obliged to pay a license but they must have a badge and permit from the secretary of the association and must conform to the rules, failure to do so resulting in the forfeiture of such permit.

It is especially provided that attempts to form combinations or to divide territory, or refusal to sell products to any resident shall cause the offender to be expelled from the grounds. Farm products shall not be brought from a greater distance than 15 miles, and no fruits or vegetables shall be offered for sale if they have been gathered more than 24 hours previously.

Prices of fresh fruits and vegetables shall be based on the market price in Holland and any attempt at extortion will be held as a forfeiture of the permit to sell goods.

A road tax of \$5 per year shall be paid by all drivers of one horse vehicles and two horse vehicles will not be allowed on the driveways from June 20 to September 1 except by special permission.

Peddlars disposing of merchandise not coming under the head of food supplies or farm produce will be required to pay a license of \$10 per day to the secretary. This will free the resorts of the objectionable class of peddlars.

Plumbers must pay \$10 for a season's license, and carpenters and masons must have permits from the secretary and agree to abide by the laws of the association.

Notes of The Fair.

Herbert Kline, the manager of the Amusement Supply Co., that furnished the free attractions for the Detroit State fair, arrived here Monday to take charge of the free attractions which take place each day in front of the grandstand. He is a leader in his line.

Henry Siersma is receiving compliments for the way he has prepared the grounds for the water supply.

Ben Van Raalte and his little engine have solved the water problem. Have you seen Agoo?

Al Hidding looks good in the new ticket box.

The Merry Go-Round and the people running it excel everything of that nature that have appeared here in the past.

Don't forget the high swing. It is a daisy. So is Lula the boss marshmallow horse.

President Lokker is the busiest man on the grounds. He is a scorcher when it comes to hustling. Vice President Kooiker is another busy one.

The bands all play for Treasurer Luidens.

Have you made Maud kick?

Who said Red Hats?

DYNAMITE BLAST FATAL TO SEVEN

LATEST REPORT FROM JELICO,
TENN., DISASTER LOWERS
FIRST ESTIMATE.

Property Loss May Exceed \$500,000—
Work of Rehabilitating Town in
Progress—Mayor of Stricken City
Issues Statement.

Jellico, Tenn., Sept. 24.—Revised estimates of the dead, in consequence of the terrible dynamite explosion at this place, show only seven fatalities instead of 12, as was at first believed. Five of those reported dead are still living, but are believed to be fatally injured. The known dead are: John Cook, Jos. Selers, Walter Ridgers, Geo. Atkins, Jas. Reynolds, John G. Gordon, colored, and a Syrian whose name has not been learned.

The list of injured numbers fully 150 and about 20 of these are so severely wounded that some of them may die. The property loss is conservatively estimated at less than half a million dollars and may exceed that figure.

Citizens of the town have begun heroically the work of rehabilitation and it is now believed they will be able to cope with the situation without the necessity of outside aid.

Aid Offered Stricken Town.
Mayor R. B. Baird, of Jellico, Tenn., has received many letters and also telegrams from all parts of the country, volunteering aid of the stricken town. It being impossible to respond to these inquiries singly, Mayor Baird has asked the press to circulate this general statement in response to offers for aid:

"Jellico, Tenn., Sept. 22.—To the Public: It is impossible to describe in words the havoc wrought by this explosion. Buildings of all kinds are damaged. Many of them are total wrecks. There are very few windows in the whole town left, and on Main street the roofs are torn and stocks of goods are left exposed to the weather. Nothing like a careful estimate has been made of the property loss.

"Up to this time eight to ten persons are reported dead. There were 100 to 200 injured by falling walls, or timber and by flying debris, but a small per cent. of the injured are serious. The people are behaving well and the work of cleaning up the town and getting ready for business has actually begun.

"We feel grateful for the offers of assistance which are coming in from all parts of the country, and of the expressions of sympathy. But we feel that we can handle the situation without outside help, and if we can, we prefer to do so. The National bank had to suspend operations for one day, but it is running again as usual, but without any front to its office, and its whole building in a very dilapidated state. The mercantile houses are cleaning up and arranging their stocks, and in a few days will be doing business as usual."

BISHOP WOULD FIGHT SULTAN

Declares World Has No Need for
Turkish and Russian Rulers.

Ishpeming, Mich., Sept. 24.—Bishop C. C. McCabe, of Philadelphia, who is presiding over the session in progress here of the Detroit M. E. conference, in a sermon Sunday in the First M. E. church on "Religious Liberty," said that he would like to see war declared against the sultan of Turkey.

He told of the persecution and outrages practiced on Christians in Turkey, and of ill treatment accorded Jews in Russia and then caused almost general applause by saying:

"We as a nation are for peace. We don't want any more war. I am as a general thing opposed to war, but I'd like to see one more war; one against the sultan of Turkey and I'd like to participate in it.

"I'd like to see Dewey, with a good fleet sail up the straits of Bosphorus. We don't want any more such rulers as the sultan of Turkey and the czar of Russia. In every case in history we find God has raised great leaders at proper times and we need have no fear about the future of Russia."

BOMB KILLS POLICE OFFICIALS

Three Men Meet Death Searching
Room of Young Man at Tiflis.

Tiflis, Sept. 22.—In the course of a domiciliary search of a suspected house here Friday the police discovered in the apartment of a young man named Alieolli a box containing printing materials.

Directly the box was touched it exploded and two detective inspectors and an assistant commissary of police were killed, and another inspector, a soldier and a policeman were wounded.

The floor of the apartment collapsed, splinters injuring a mother and her child in the room below.

Two other uncharged bombs were found in the apartment. The tenant of the room disappeared, but two other men and two women were arrested.

Lapponi Too Weak for Knife.
Rome, Sept. 24.—A consultation has been held over Dr. Lapponi, physician to the pope, who is ill with cancer of the stomach. The physicians favored an operation, but this was opposed by several surgeons, who considered the patient too weak for the ordeal in spite of the fact that his heart is strong.

Epilepsy

Fits St. Vitus Dance

Are nerve diseases, and unless checked, lead to destruction of both mind and body. The weak, shattered nerves must have something to strengthen and build them back to health. Dr. Miles' Restorative Nerveine is a remarkable nerve tonic and stimulant. It strengthens the nerves, relieves the nervous strain, and influences refreshing body-building sleep and rest. Persistent use seldom fails to relieve these afflictions.

"I was taken with epileptic fits; had eleven in less than 12 hours. My father sent for our family physician, but he could do very little for me, and I grew worse every day, and at last they had three doctors with me, and I still got worse. My father heard of Dr. Miles' medicines and bought a bottle of Nerveine and a box of Nerve and Liver Pills. I had taken only a few doses until I began to feel better. I took 12 bottles, and it cured me sound and well. It has been worth all the world to me. I recommend it wherever I go. You may use this as a life-long testimonial to the merits of your medicine, for I am enjoying the best of health, and feel that my life and health is due to this wonderful medicine."

DR. MILES' NERVEINE is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

WHY THE PASTOR RAN.

Wise Action That Greatly Astonished Congregation.

One of the traditional stories of the town of Fairchild, Conn., recounts a wild dash from the pulpit made by a worthy and beloved pastor of the Episcopal flock, Dr. Labarre.

It was on a Sunday more than a hundred years ago. The service had been read. The prayers said, the hymns sung and the parson began his sermon. As he proceeded his gestures became more energetic. He brought his right hand down with great force. Then he turned pale, cleared the pulpit stairs at a bound, dashed out the church door and ran toward the pond a short distance away.

The congregation followed in bewildered pursuit, and saw their venerable pastor with flying robe rush into the water until it came to his neck. Then turning round he faced his astonished audience and said:

"Dear beloved brethren, I am not crazy, as no doubt many of you think, but yesterday at the drug store I bought a bottle of nitric acid and carelessly left it in my pocket to-day.

"My last gesture broke the bottle. I knew the suffering the acid would cause when it penetrated my clothing, and rushed for the water to save myself pain."

He drew several pieces of glass from his pocket in witness of the tale. Then he dismissed the company and hurried home.—Youth's Companion.

DOG JEALOUS OF A GANDER.

Goes to Extreme Lengths to Show His Animosity.

Martin Hannan, of Joy street, Orange, has a dog which has developed the supposedly human trait of jealousy to such a degree that he will eat grass to spite his enemy, says the New York Press. The dog, a big, 50-pound brindled bull terrier, is ordinarily chained in the back yard. Close beside him a peaceful old gander is penned in with wire fencing. The gander is the last of a flock, and has survived as a pet.

The dog is so inordinately jealous of the gander that if any one goes up and talks to it he will bark angrily. If the visitor adds to the insult by giving the poor old bird something to eat, the terrier will leap the fence like lightning, snatch the food and gobble it down. To such incredible lengths will his jealousy go in this respect that the neighbors have tested it by throwing grass to the gander. The dog will seize the grass and actually swallow it in his anxiety to keep it from the gander. The gander gives one lamentable squawk as he sees the dog leap the fence, and then retires shudderingly to a corner.

Bird Criminals.

A subject which has exercised me this summer has been as to what bird it is with a bill seemingly smaller than a Jay's which plunders other's nests, breaking and sucking the eggs, says a writer in Country Life.

In one small piece of hedge I found one blackbird's and two thrushes' nests all treated in the same way, the three showing among them the wreckage of eleven eggs all similarly pierced and emptied. The misel thrush has been suspected of the offense and in this case I should suppose it to be the misel thrush if it were not that of a pair of butcher birds, nested in the same hedge.

It is perhaps unjust to suspect the butcher bird on no better evidence than its mere proximity to the scene of the crime and it may be questioned if the shriek would dare to rifle the nest of either a blackbird or a thrush. A suggestion which I have not seen made and which I throw out only as a possibility is that the culprit is no burglar but neither more than less than one of the parent birds themselves.

"Drowned Rivers."

In nearly every case these natural bottles are what the geographer calls "drowned rivers." That is to say, the coastal lands in the vicinity have subsided, allowing the sea to flow in and convert what was a lowland valley into a partly inclosed marine area.

Divers have gone to the bottom of New York bay and have found there the ancient bed of the Hudson river, as that stream flowed before the mouthward part of its valley subsided into the sea.

The old bed reaches through the narrows and well out into the floor of the Atlantic. Of course, as the sea water entered the sinking valley, any hills rising thereabout would become islands, in the new order of things. And there we find them to this day, in almost any of these inclosed inlets.—St. Nicholas.

Perforated Sails.

Although the assertion recently made by an Italian sea captain that the power of sails was increased by their being perforated was ridiculed, it has just been proved that he was right.

His theory was that the force of the wind cannot fairly take effect on an inflated sail because of the cushion of immovable air that fills up the hollows. To prevent the creation and presence of that cushion, he pierced his sails with many holes, through which the wind blew, the balance of the air pressure striking against the canvas and exercising its full effect.

Several experiments have been made on these lines, and the results are declared to have been eminently satisfactory.

FUGITIVE BANKER WAIVES EXTRADITION RIGHTS AND WILL PLEAD GUILTY.

AGAIN DECLARES ALL HE GOT WAS \$400,000

Tells New York Police Inspector Hering Took Advantage of Him—Is Measured by Bertillon System and Has Photograph Taken.

New York, Sept. 25.—Paul O. Stensland, the fugitive president of the Milwaukee Avenue State bank of Chicago, who was taken off the Prinz Adalbert at quarantine at 5:30 o'clock Monday evening and passed the night in a cell at the Mulberry street detective headquarters, started for Chicago in charge of Assistant State's Attorney Harry Olson and other Chicago officials, on the Twentieth Century limited at 3:30 o'clock Tuesday afternoon. Stensland asserts he will plead guilty and turn state's evidence. He promises to tell enough to convict the men who were his conspirators or who worked with their knowledge of his guilt to stack up forgery on forgery on the foundation of wrongdoing which he had built.

Passes a Restless Night.

Stensland passed a restless night at police headquarters. He slept little during the night and Tuesday morning plainly showed the effects of the terrible ordeal he has passed through since his arrest in Tangier. Young Stensland stayed with his father until a late hour and then went to his hotel.

Stensland was lined up at police headquarters with a score of alleged pickpockets and others who had been arrested during the night and was subjected to the customary examination by the detective sergeants. This ordeal over, he was removed to the identification bureau, where he was measured in accordance with the Bertillon system, and later his photograph was taken to be placed on file at police headquarters.

Son an Early Caller.

An early visitor to Stensland's cell was his son, Theodore. The two conversed together until the summons came for the father to appear before the central office men. He tottered rather than walked from his cell to the various offices and leaned heavily upon the supporting arm of his son.

Stensland during the night told one of the officers who were watching him that he wanted to go back to Chicago and would have done so had not he been arrested in Tangier, Morocco.

"I want to straighten out matters," said Stensland. "There is a good deal behind this case, and I want to show the public that I am not the black sheep I have been painted."

Again Blames Hering.

Stensland made a voluntary statement to Police Inspector McLaughlin Tuesday. Trembling with emotion, and with tears falling down his cheeks, the ex-bank president said:

"I made some bad investments and they did not act as quickly as I thought they would. They were not paying. The man under me—the cashier, I mean—took advantage of the situation, and he got more than I. All I got was \$400,000, but I don't know what the other man got. The money I went away with was a few thousand dollars that I made in a real estate speculation last summer. I had been always in hope of paying the money back, but I suppose all is lost. I am suffering from asthma. I want to get back to Chicago just as quickly as possible."

Stensland, who had recovered somewhat from his prostration, was able to walk with detectives from police headquarters to Third avenue, where a street car was boarded on the way to the criminal court building.

Waives Extradition Rights.

The extradition conference at the district attorney's office lasted until after the noon hour. Assistant State's Attorney Olson, of Chicago, who brought Stensland to this country from Tangier, was present until the formalities were completed. The principal act of Stensland was that of signing a waiver of his extradition rights and his signature of a document which set forth that his removal from New York state was not under duress. Just before Stensland left the criminal court building he consented to sit for a newspaper photographer and he was photographed in two different positions. He was more composed by this time and when the sitting was over he dryly remarked to the photographer:

"I suppose, my friend, you'll send me a proof."

After leaving the criminal court building Stensland, accompanied by Detective Kinder and Detective Sergeant Downing, entered a hansom cab and was driven to the Hotel Breslin for another conference shortly before the departure of the Twentieth Century limited for Chicago.

Col. "Ike" Hill Dead.

Washington, Sept. 25.—Col. Isaac R. Hill, better known as Col. "Ike" Hill, of Ohio, and for 35 years an employe almost continuously of the house of representatives, died at 12:30 o'clock Tuesday at his apartments in this city from a complication of kidney, liver and heart trouble. For many years Col. Hill has been a familiar figure of the national capital.

SEMINARY, 400 IN NUMBER, AND W. J. E. BROWN, PRESIDENT OF THE FACULTY, HAVE BEEN PLACED UNDER ARREST IN BROWNVILLE.

Gov. Terrell has been asked to send troops there to protect property and lives.

This runs the negro arrests up to 400 Tuesday, and 1,000 in all. Every one with weapons is arrested.

The negroes wounded in the fight with the county police during the night were found dead. They were tracked by bloodstains into the woods, where their bodies were found.

Every barroom in the city is closed and a detail of troops guards each saloon to prevent whisky being sold. Negro clubrooms in the negro section have been closed, as have been the "dance halls" and negro "dives" along Decatur and Courtland street.

White Women Arming.

Nearly every woman in the city has been provided with a revolver by her husband or relatives, and they will protect themselves.

A report has been received at the police station that two negro men and a negro woman who fired on a party of passing whites on Randolph street, in Darktown, had been shot and killed by police who were rushed to the scene.

Seven Known Dead.

The total known dead as the result of Monday night's encounters is reported as five negroes, besides Policeman Heard and Mrs. R. C. Thompson, a white woman, who dropped dead from the excitement of witnessing the shooting of two negro prisoners. Two of the dead negroes were tracked from the scene of the attack on the police to their homes by trails of blood. There they were found early Tuesday. Two more died at the hospital, both shot during Monday night's fight and an unknown negro was found dead near the scene of the same fight.

Gov. Terrell over the telephone declared that he does not believe it will be necessary to declare martial law, but as a precautionary measure he intended to order several companies of the state militia, probably four, to be in Atlanta by eight o'clock at night.

JEROME OUT OF RACE.

Quits Contest for Democratic gubernatorial Nomination.

Buffalo, N. Y., Sept. 25.—In a session lasting only 24 minutes, the Democratic state convention Tuesday effected a temporary organization and cleared the way for its actual work, beginning at 11 o'clock Wednesday forenoon. The executive committee programme was adopted and Lewis Nixon, a former chief of Tammany Hall's political organization, was elected temporary chairman. His ten-minute speech was devoted in the main to accusations against the Republican state administration of mis-use of \$101,000,000 appropriated for reconstruction of the state canals and of betrayal of labor, and closed with an appeal for harmony, which he predicted would insure victory at the approaching elections, and lead to the overthrow of the Republican combination in national affairs.

The contest for the nomination for governor was narrowed during the morning by the practical withdrawal of District Attorney William T. Jerome, of New York.

Pigmy Attempts to Kill.

New York, Sept. 25.—Ota Benga, the African pygmy who has been exhibited at the New York zoological gardens for some time, tried to kill a keeper Monday with a knife. He fought furiously before he was disarmed. Benga's anger was excited because the keeper, in a spirit of fun, turned a hose on him. Benga has been exhibited in the monkey cage. He has attracted wide attention because of the protests of several negro societies against the exhibition.

Wooden Key Empties Jail.

West Bend, Wis., Sept. 25.—During Sheriff Held's absence three prisoners escaped from the county jail. They made a wooden key out of a leg of a chair, unlocked the doors and walked out. Where they got the tools to make the key is a mystery, but they left the wooden key in a door. Dan Ramsey, James Casey, and Thomas Clark, charged with firing into a crowd at a merry-go-round at Richfield, are the men who escaped.

Situation in Atlanta Race Riot More Serious—Reports of Mob Violence from All Sections of City—Special Deputies Sworn In.

Atlanta, Ga., Sept. 25.—After a night of disorder and anxiety the situation in the race riot in Atlanta is regarded as most serious.

During the night a posse of country policemen were fired upon from ambush in the southern portion of the city. One police officer was instantly killed and four other officers wounded. The officer fired on the negroes, wounding several of them. This battle between officers and negroes took place within a hundred yards of Clark university, a negro college of national repute.

Two negroes were killed by whites on Randolph street, in the residence section of the city at daylight after the negroes had made an assault upon a young white boy.

Confusion Everywhere.

From other sections of the city reports of mob violence are being received but names and details are lacking on account of the confusion that prevails everywhere. There are 12 companies of state militia on duty, aided by an increased police force and city firemen.

Sheriff Holmes Tuesday morning swore in about 300 citizens as special deputies. It is understood he will swear in as many more as he can properly arm, up to 500. Gov. Terrell has wired for supplies of guns and ammunition.

It is officially reported that five negroes and two white men have been killed since midnight, and many wounded.

A mass meeting of citizens is being held at the chamber of commerce. Not a firearm can be purchased in the city, for all weapons of every description have been sold.

A galling gun with 10,000 rounds of ammunition has been located at a prominent street corner in Brownville, commanding the situation there.

A guard has been placed about the city waterworks. The saloons are closed, and will remain closed probably for the remainder of the week.

Police and Blacks in Battle.

In a desperate battle at close range between Policemen Smith and Maddox, of the bicycle squad, and Policeman Casen and two dangerous negroes barricaded in a house near the corner of McGruder and Randolph streets Tuesday the negroes were killed and the policemen had narrow escapes.

Policemen Maddox and Smith had been notified that negroes were shooting in the vicinity of Houston and Randolph streets. When they reached the scene there was no shooting, but they were told that the difficulty was in the vicinity of Randolph and McGruder streets. Whether this was a trap laid to kill the policemen is not known, but a negro directed them to the house in which a negro who had done the shooting had taken refuge.

Negroes Begin Shooting.

Policeman Smith went to the rear door and Maddox to the front. Smith attempted to enter and the negroes began shooting. Maddox ran around the house to his aid. He saw two negroes leaning out of the window, firing. The police returned the fire and the negroes dropped below the window ledge.

Policeman Casen arrived, and the three charged the house. Maddox went to the window and pulled himself up, revolver in hand. A shot passed close to his head. He fired point blank and dropped to the ground, pulling the window down with him. He then ran to the door and broke it open, his brother officers running with him.

As he opened the door a gun was thrown in his face, and as he dodged a bullet passed over his head. He and his comrades then fired, killing the two negroes.

Militia Kills Negro.

One negro was killed in Brownville, a suburb, by militia while trying to break through the lines. Two hundred and fifty seven negroes have already been placed under arrest in Brownville. The majority of them were heavily armed.

One other negro tried to get away, and was shot. The raid started shortly after five o'clock. Negroes were searched for arms, and every one armed was placed in the cars to be sent to police barracks.

One of the first arrested was L. J. Price, the negro postmaster, who is charged with supplying ammunition to the blacks. Negroes who tried to break through the lines were fired on, halting promptly.

Capt. Wilson held a conference with the president of the Gammon seminary on the situation. The negroes are hemmed in by militia. Members of the governor's horse guards and mounted country policemen are anxious to avenge the death of Officer Heard and the wounding of other members of the force. The negroes are badly frightened.

FUGITIVE BANKER WAIVES EXTRADITION RIGHTS AND WILL PLEAD GUILTY.

AGAIN DECLARES ALL HE GOT WAS \$400,000

Tells New York Police Inspector Hering Took Advantage of Him—Is Measured by Bertillon System and Has Photograph Taken.

New York, Sept. 25.—Paul O. Stensland, the fugitive president of the Milwaukee Avenue State bank of Chicago, who was taken off the Prinz Adalbert at quarantine at 5:30 o'clock Monday evening and passed the night in a cell at the Mulberry street detective headquarters, started for Chicago in charge of Assistant State's Attorney Harry Olson and other Chicago officials, on the Twentieth Century limited at 3:30 o'clock Tuesday afternoon. Stensland asserts he will plead guilty and turn state's evidence. He promises to tell enough to convict the men who were his conspirators or who worked with their knowledge of his guilt to stack up forgery on forgery on the foundation of wrongdoing which he had built.

The directors express themselves as gratified with the business they have had in the past season. "Although the passenger and freight business we have had," said General Passenger and Freight Agent Elmer, "has taxed the capacity of our equipment, improvements are now being planned for next year. "One of the first improvements to be made for next year's business is the completion of the double track between Holland and Macatawa park. Although our system is a double track system, the short distance between Holland and the park has only had one track heretofore, but before the next summer season this will be the same as the rest of the line."

Inability to distinguish between a Muskegon and Holland interurban car, landed Sam Manning, a farm hand on a farm near Holland, in the Muskegon lock-up Saturday evening. Manning was in Grand Rapids Saturday and did some celebrating that rendered his judgement as to interurban cars rather uncertain. When he wanted to return home he got on the Muskegon car instead of the Holland car. When he arrived in Muskegon he was taken into custody and this morning he was brought before Justice Murphy to answer to a charge of being drunk and disorderly. He pleaded guilty and the justice took pity on him, as he was unable to pay a fine, and suspended sentence on him. He departed in search of a way to get back to the farm.—Muskegon Chronicle.

Charles Vos, Tony Van Dyke and Mike Baldwin, none bearing enviable reputations, were arrested Monday afternoon for stealing a quantity of rucks from the Holland Rusk Co. Vos was arrested by Officer Leonard and he told the names of his companions. Leonard then arrested Van Dyke and Officer Koeman rounded up Baldwin. The fellows are from 18 to 20 years old. Vos left the city some time ago on a freight train bound for Chicago. Van Dyke has served ten days in jail for drunkenness, and little is known of Baldwin.

In Justice McBride's court the fellows pleaded guilty to larceny, Vos paying \$4 and the others \$6 each, fine and costs. They stole the rucks while in the factory ostensibly applying for work, the theft, arrest and arraignment occurring during yesterday afternoon.

Notes of Sport.

Zeeland base ball fans certainly deserve credit for the way they have stood by their ball team, and the team deserves credit for the magnificent record it has made. Saturday was the crowning day of the season, when before a base ball crazy crowd of over 700 spectators, the final games in the tournament to decide the championship of western Michigan were played. In the first contest the Grand Rapids Greulichs defeated the Lake Odessa team by a score of 4 to 2. In the second game, which was not a tournament contest, the Zeeland team bested the All Stars by the score of 3 to 0. The second game was a well fought game; Karsten, the Zeeland pitcher, was in excellent form, holding the All Stars to but one single. Talbot also pitched good ball, but he was hit hard in several of the innings. After the game Senator Huntley Russell presented the big silver trophy cup, emblematic of western championship honors to the Greulichs, while the Zeeland team was awarded 2nd prize, which was also a handsome cup.

Drag net out in Hide Case.

The hide-stealing case at Grand Haven which at best looked like a simple case of larceny is developing into a real sensation and the officer's drag net is threatening to pull in a number of men whose connection with the affair was least thought of at the time of the arrest of John Verhoeks. It is alleged that the prisoner has changed his story as to the manner of obtaining the hides, which he sold to the tannery on September 15. As a result of his latest story Leendert Duinkert once an employee at the Goodrich docks has been arrested and is in jail. Verhoeks it is understood, has told a story which implicates Duinkert seriously. He claims now that he bought the hides of Len Duinkert who came to his house and told him that he had some hides. Thereupon he hitched up his horse and went down to the Goodrich dock with Duinkert where he claims that they got the hides from some place outside of the warehouse. He claims he gave Duinkert \$3 a hide.

Fred Graves Jr., a well known colored man was also drawn into the affair and it is alleged that he claims Duinkert wanted him to get into the deal with the hides. The officers are doing their utmost to work down the many conflicting stories into something that will either convict or acquit those implicated in the affair. All parties will sweat under the questions of the officers before the affair is over.

Len Duinkert and John Verhoeks were brought from jail this forenoon by Sheriff Woodbury and Salisbury and arraigned before Justice Wachs. The warrant for Duinkert charges him with the larceny of four hides from the Goodrich Transist Co's ware house in this city. The hides were valued at \$28. Duinkert, when asked as to whether he wanted to plead guilty or not guilty stated "I took the hides all right. Fred Graves told me where they was. But I no tells 'em. Duinkert at first did not know whether he wanted an examination or not, but he finally asked for an examination and it will be held in Justice Wachs' court next

Tuesday. Bail was fixed at \$500 which Duinkert was unable to furnish and he was committed to jail.

In the case of John Verhoeks, Prosecuting Attorney Dan F. Pagel asked for a nolle proes of the original warrant charging Verhoeks with larceny of the hides. He was immediately re-arrested, however, upon the charge of receiving the hides, the charge practically being one of receiving stolen property. Geo. A. Farr has been retained as attorney by Verhoeks and he was present in the court room and asked for waiving of examination. Bail was fixed at \$500 and this will probably be furnished soon.

John Verhoeks, the principal respondent in this affair, twelve years ago figured in the most sensational kind of an escape from the county jail. The jail building then was not the present county prison but it was considered a very strong lockup. Verhoeks was arrested in December 1893 by then Night Watchman Peter Cook for a burglary. He was arranged in the old court house in March but the case was put over until the August term. One of Verhoeks' fellow prisoners in the county jail was a man who went by the name of John Stanton, looked just first as a common hobo but in reality a crook with a national reputation. He was arrested in 1894 bringing saws into the jail.

On the night of May 12, 1894 the city was startled by the news that Verhoeks and Stanton had escaped from the jail. A big hole on the second floor of the jail on the south side told the tale. "Bas" Kopper was sheriff in those days and he was a man hunt on that case for months. Verhoeks was captured up in Duluth the following September. The next week he was tried and the attorney who was defending him now assisted in his prosecution then. Twelve years ago the 20th of this month Verhoeks received his sentence to the State Prison. He has been in the prison a number of years now and is leading a straight life. Unhappily for him he is in the public gaze again but says that he will be able to prove his entire innocence.

Stanton was never seen in these parts again. Years afterwards however he was heard from in a Florida prison but no effect was made to retake him.
